Preliminary Amendment

REMARKS

Entry of the above amendments to the Specification and the Claims is respectfully requested. The amendments to the Specification merely add the description of the relationship between the instant application and the priority documents and amend the Sequence Listing to remove reference to Applicants' previous counsel. The amendments to the Claims are fully supported in the Specification as originally filed and do not represent the addition of any new matter beyond that which was disclosed in the Specification as originally filed.

The Director is authorized to charge any additional fees due by way of this Amendment, or credit any overpayment, to our Deposit Account No. 19-1090.

Applicants respectfully submit that all of the claims remaining in the application are clearly allowable. Favorable consideration and a Notice of Allowance are therefore earnestly solicited at an early date.

Respectfully submitted,

SEED Intellectual Property Law Group PLLC
